OBJECTIVE

To secure a challenging position as a AI & ML Engineer / Data Scientist, leveraging my technical expertise in machine learning, data science, and full-stack development to drive innovation and solve real-world problems.

WORK EXPERIENCE

MENTORNESS ML INTERN	JUL-AUG(2024)
Applied machine learning algorithms to solve practical problems.	
INTERNPE AI & ML INTERN	JUN-JUL(2024)
Implemented AI/ML projects and gained practical insights.	
TEACHNOOK DATA SCIENTIST	APR-JUN(2024)
Processed data using data science tools for real-world insights.	
GROWAI PYTHON DSA INTERN	FEB-APR(2024)
Developed efficient solutions for algorithmic challenges.	

EDUCATION

VELAMMAL INSTITUTE OF TECHNOLOGY	2022-2026
B.TECH ARTIFICIAL INTELLIGENCE & DATA SCIENCE	
SRI RAMAKRISHNA MATRIC & HIGHER SEC SCHOOL	
CLASS – 12 (71.3)	2021-2022
CLASS – 10 (66.4)	2019-2020

SKILLS

- Technical Skills:** Python, Java , SQL, Machine Learning, Data Analysis ,HTML, CSS

PROJECTS

D-MART SALES ANALYSIS

- Analyzed D-Mart sales data to uncover trends, customer behavior, and top performing products.

REAL-TIME PERSON GENDER AND COUNT DETECTION

- Built a real-time system to detect person count and gender using OpenCV, deep learning, and webcam input.

SOLAR POWER EFFICIENCY

- Designed a system to analyze and monitor solar panel efficiency based on environmental factors such as sunlight intensity, temperature, and angle of installation.

LANGUAGE

- ENGLISH , TAMIL
